- Filming the Wedding (est. 8 hours)**\$360
You will forever be able to go back and experience the wedding day all over again; the walk-down, meeting/speeches, reception, dance, cutting the cake, send-of, and all the details that made your Wedding day unique. We will professionally capture the events of the day.
- Add a Reaction Camera**\$144
During special events, such as the program, a toast, or cutting the cake, we will designate a special camera to focus only on filming the reactions of the couple and your family. This will add to the transitions and continuity of the wedding video
- Add a Mobile Camera**\$144
*There can be a lot of things happening throughout the day that don't allow enough time to properly set up a camera to capture the moment with the regular video equipment. That is why it is especially important to have a mobile camera there on standby to quickly film small details that will add to the experience. Your cake, your decor, or getting ready for the walk-down. To capture these moment's breathes life into the things you look back on. *By request we can capture the Bride getting ready shots. The Cameraman must have a point of contact and instruction as to not disturb the wedding party getting ready.*
- Add a Microphone to the First Dance** \$30
The first dance can be a time where the Father and Daughter share a once-in-a-lifetime bonding moment or a confession of love between Bride and Groom. Never forget the words shared; we will capture audio to accompany the footage of the Father-Daughter dance and Bride and Grooms first dance together.
- Filming Spontaneous Interviews** \$0
We will interview any guest that request an interview from our cameramen. Saying "i want you to interview the line" is not valid. But telling them to find the camera guy is valid. If anyone approaches us for an interview, we will interview them.
- Listed Interviews** \$88
*Provide a list of anybody you would like us to interview. We will make sure we don't leave until every member of the list is interviewed. Provide us with a list of questions or use our recommended question list. *If a family member leaves the event or some unforeseen thing occurs and we were un able to interview them, they are welcome to swing by our EVCA studio to capture. *As long as we have not finished the editing process yet.*
